

## ORGANIC VITICULTURE: IS IT FOR YOU?

COURSE ON 23<sup>RD</sup> AUGUST 2010 IN

## GRIFFITH NSW

“*Organic Viticulture – Is it for you*” is a one-day course designed to give a practical understanding of what is required to convert a vineyard to organic and or biodynamic operation.

**The course is FarmReady approved, which means that producers and managers can get a 100% reimbursement if they meet the Farmready eligibility criteria.**

All aspects of organic viticulture production are covered including the following:

- Factors affecting vineyard design and infrastructure
- Organic and biodynamic techniques for soil fertility, pest and weed management
- Production and handling requirements for organic wine
- Understanding the market for organic grapes and wine
- Planning for the conversion process
- Business and budget aspects of conversion, organic and biodynamic production
- Certification and compliance, including record keeping and the Organic Management Plan
- Choosing a certifier and managing the certification process

The course is presented by **Tim Marshall** in conjunction with other TM Organics staff and an experienced organic producer is on hand during the day. All participants receive a workbook and further resources.

Tim Marshall has 25 years experience in organic production and certification. He has visited over 100 certified organic vineyards and more than 30 organic wineries in Australia, N.Z., USA, Italy and Germany.

**Courses run from 9am – 4pm**
